INVESTORS IN PEOPLE SCOTLAND

sportscotland GOLD SCHOOL SPORT AWARD

22nd February 2017

Dear Parent/Carer

Progress and Presentation Levels for S4-6 Courses

Your son/daughter has now completed 7 months of their S4-6 courses. Some will have also completed their preliminary examinations if they were aiming to achieve National 5 level or above in a particular course. If they were aiming at National 4 then they will not have sat any preliminary examinations as the National 4 courses do not have a final exam in May.

Pupils are aware of the levels they have been working at but as is always the case with one year courses, these can change depending on their performance throughout the course. It is therefore important at this stage that parents receive clear advice regarding the level at which we now believe their son/daughter will be presented for each course. These decisions have been reached based on the following information:

- On-going class and unit assessments and results of any reassessments
- Preliminary examination results

We attach a summary of the levels and prelim grades for your son/daughter in each of their S4-6 subjects. Please note that the prelim grade for some practical subjects is only based on the written element of the course and, therefore, does not give an accurate reflection of what their overall final grade may be. These departments are unable to provide full information on all areas of the course at this stage as work continues to be ongoing throughout the year. Further information on grades can be found on the reverse of the summary of your son/daughter's levels.

I would be grateful if you would complete the slip below and return it to your son/daughter's Guidance Teacher by Friday 3rd March. If you wish to discuss this further then please contact your son/daughter's Guidance Teacher in the first instance.

Yours sincerely

CAROL STUART
Head Teacher
